

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: James Alexander

I'm doing a life sentence and I have 42 years
in prison. I do art as a form to create something
that takes my mind off of being in prison.

I've done all types of art work. I tried to do a
flower by quilling, and I kept trying different
styles until I could do a picture like I put in
the art show.

It's done with construction paper and there is
acouple hundred hours envolved in making it.
