

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Summa Savage

I have always loved to paint and draw since I can remember. Acrylic paints and pencil sketching are my two favorites techniques to use. Art helps me express myself and to escape a lot of my own mental discomfort. I also love to create things I can send to my family and make them smile. I decided to choose the pieces I did because they were really inspiring the moment I started to do them. So many people have been awed by my work and I want to be able to share it with even more people. Being able to create something for others to enjoy gives me a lot of encouragement to continue to create so much more. cont. →

Always

Summer xoxo
