

Artist Name: SPENCER

I Question EVERY Art piece I draw. Everything comes for the depths of my mind, and come to be placed on a blank piece of paper, or card stock. I am very critique to my artwork, and many find that circle file cabinet. (Trash can)

I am truly into the woman's form, and find it relaxing because it makes me focus more on what I put to paper, though I can draw almost any picture that comes to my mind.

I hope you like the artwork I have before you, and have donated. I have been a participant in PLAP for 8 years, and am very grateful for having this program to give my mind's art a chance to be seen on a blank canvas.

T.Y. for Viewing our Artwork.
