

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Brian Hansen,

I enjoy expressing, the way I interpret and visualize, the subjects I wish to express my emotions, desires, and ideals in, while utilizing the work, art, and intrinsic details to express beauty, and creativity, yet utilizing it to release stress, tension, and build a positive image, and a design onto the world of my own visions, I enjoy seeing and hearing people express their opinions and suggestions about my art, in feedback, and the smiles it brings others. While visualizing a look and creative idea.
