OBSERVATION - "Red" Cell Royalty

All of MY Entries Submitted this Year are things that instantly popped in my mind. The ideas came from Everyday interactions and Encounters with people, situations and Events, mostly in my surrounding AREA. Prison, of course, is in itself a whole "other world". However, It has been a place of where I have found the most creative people and their creative / Artistic Expressions. It is my goal to create things that are unconventional and "outside of the box". There is no wrong picture, painting or portrait when it comes to the ideas of the Artist. This year I have learned to just DO!, & not think and second guess myself. What I use to see as imperfections are now seen as my Perfections. I trust my Artist ~~hand~~ ^{hand}, ideas & expressions and Everything you see today is an Expression of DERRIUS DERELL LAMBERT A.K.A. D.L. Derell in 2019.
