

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Jessica Bice

- For me creating art is a way to bring Beauty and Joy to people. Also to be where I am and be able to create and use this time for ~~good~~ a positive purpose means a lot. The fact that I can make things that I can share ~~with~~ with my family or my friends can send to their kids and when I ~~hear~~ hear that they loved what I made it makes me feel like ~~even~~ though I'm here I can still spread joy. And honestly it gives me an outlet Art is my therapy it helps me focus to be productive I draw and create, and it brings me a peace to ~~see~~ sense of worth most things don't. Plus out of all the ~~ugly~~ ugly in the world we need more beauty.
