"Waste No Times" name Come out of Many nights of prayer asking Good to give me the same type of drive and passion in something that I had when I was out in the streets living a life of crime. Crocheting was that gift. What was intended to be a life time of wasted time, Good blessed me with the gift of Crocheting that has now become the Vehicle that twined my time into a time of creating meaningful artwork. Crocheting has allowed me to focus on moster bettering myself and has kept me 14 yrs ticket free. I strongly betieve the old saying "idle hands are the clevils playground", A lot of my choices for the preces I create are inspired by those who have had their hands in some type of prison reform. I love to give back and lock at creating Crocheted art pieces as a way of giving back to those who have invested theirselves into my life as well as my families life. I want to thank you for your time and consideration into looking at, Commenting on, or even purchasing.
