

Artist Statement 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Alexander Manuel Garcia, KRAZIE EYEZ

I go by KRAZIE EYEZ, a lot of people know me by this name. I was born in Gary Indiana on April 1st of 1989. I lived in many states from Indiana, Illinois, North Carolina, South Carolina to Michigan. I've been drawing my whole life off and on, more on recently. I draw because drawing is my way to find peace of mind. It's a means of escape. I also like to make art for those who can't, it makes me happy to know my art made someone else happy. I get to live on through my art. When I'm doing my art sometimes I'm in different moods and sometimes that shows through my art work. When it comes to style I try not get stuck on one type of style and play around with different ideas. When it comes to understanding my art I like to leave room for interpretation. I could not afford paper at the time I made these artworks, so many of my pieces are done on scrap paper I had saved. Hope You all Enjoy. Take Care. Truly, KRAZY
