

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Mark Sanchez

Well i have been an artist almost all of my life i enjoy just being creative most of all, its very ~~therapeutic~~<sup>therapeutic</sup> and most the time i do not know what im going to draw before i draw it, i like to just start with shapes and let them become, with just a feeling in mind. i have a very broad range of intrests but Sei-fi, Fantasy, and a darker theme i like to build around. i dabble in comic book art for my children as well. i really just enjoy inspiring others with my work and try to get the AHHH, effect when i can. if ~~an~~ anything could come from my work, i hope it screams originality and inspires others to create.
