The Wilderness, The Moose

I'm doing a life sentence and I have been in prison for 40 years. I love to create and challenge myself to try different avenues of art.

When I'm doing this type of art, it takes my mind away from prison and I feel free for a little bit. That's a blessing.

I hope you enjoy these pictures. I put a lot of hours into them and each one holds a little bit of my dreams.

Sincerely

James M. Alexander
