

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Mathew Doyle

I've been drawing for 2 years as of this statement. I started while incarcerated and been developing ever since. I have been a huge fan of comic books and manga (Japanese) comics. My inspiration comes also from fantasy novels like Lord of the rings, Game of Thrones, and The Witcher series. I'm currently focusing on manga art and developing characters for a story I've been messing around with. I hope to have a published work within a couple years or be part of an existing manga studio. I plan on pursuing this even after my incarceration. Thank you for viewing my artwork and I hope to submit more and better works next year.
