

Artist Statement — 29th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Fred

Painting gives me peace, joy, and excitement, growing into the artist i've become I shock myself most days. 37 years on this earth never picked up a brush to do art, in 40 now and I know this isn't something that came from me it's a real gift from God. I'm grateful to grow into this artist that God created. I want to make art that means a great deal, with that I want to say thank you all for supporting us inside art, it's so needed and appreciated. To the PCAP staff you are amazing, this happens every year because of the love and dedication you all have to one set people have freedom of expression, and as advocates to showcase the good that can come from within. Thank you all!!
