Michigan "Twins"

Praise and Glory is due to the Lord God who reigns over Heaven and Earth forever. For it is HE that gives me the Ability to Create and be Creative. For He has Equipped my hands to fashion things to bring Comfort and Peace. In my ignorance I have ONCE used these vessels towards destruction, not knowing my Purpose and the Gifts within me. It is because of His Grace and Love that will allow me to show through my Art, Unity in the face of Competition; Peace and Forgiveness in the Midst of Bitterness and Chaos; individuality, yet born a Twin, and the dedication and Service I am willing to Give Back to this Great State of Michigan.
