

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Samantha Bachynski

I create art work as a form of mental escape. I enjoy creating things my family can be proud of.

This year my pieces were all made out of "left-over" supplies because I did not get my yarn order in time. Even though I did not have the supplies I wanted and had to create different projects than I originally planned, my pieces turned out beautiful this year!
