Remember

This is the first ART Show I have ever
been in, as well as the first time
that I've ever been in prison. I've
never been much of an artist but
then again I've never really been
much of anything before prison.
So hopefully I will learn some new
art techniques as well as learn how
to live when I leave this place.
I'm grateful to be in this show
and also grateful for prison
because it has truly saved me.
Thank you to everyone who makes this
art show work for so many of us.
