

Artist Name: Lake

I have always been a gifted and talented artist so since we been locked up, I decided to take advantage of any creative activities. So when the opportunity to sew came about I jumped right on it I quickly learned a few stitches and began creating blankets and quilts that we donate to the community. Being able to know that your hard work was being used to bless others was right up my alley and pushes me to do more and more. Now having the opportunity to participate in PCAP, I could not resist. Since I grew up a Michigan fan, it was only right for me to design a Michigan blanket. The design was one of my own, I sat down one day and sketched the design and adjusted the dimensions to make it work. I am super happy with the results and prayerfully it goes to a wonderful person.
