

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Devin Lester

Hello to Everyone! I am 38 years young and I am an Artist (that's what they tell me anyway). My peices Include Backyard Bobby Bone and the Homies, Hazrat Ali^(RAA) and the Illuminated Icon. I just think that Anthropomorphic Drawings are fun, and they have a history as old as Humanity going all the way back to places like Ancient Egypt & Sumaria I also like religious Art. (From whatever Tradition) so I Included some of that as well. I have done lots of work in Black & white, but I have discovered that adding the element of color adds a whole new range of realism for me. I can do things with color that just can't be done with Ink. When I get released, I hope to become a proffessional (or gifted Amateur) Tattooist. I do draw a lot of Tattoo flash but unfortunately I have not submitted much of that.
