

Artist Name: Gary McGregor

I am a white male whom turned 61 years of age.

I have been deeply into art work since grade school, 8th & 9th Grade I started drawing vehicles - motorcycles next animals / flowers / Cabins, now I can look at a art Piece from a art Book and draw it free hand. It took me years of Practice to make my art work come to a reality, and Capture the Eyes, just the Beauty in art alone is so fascinating, then the colorful material to bring my art to a more detailed Piece of work. this makes my 3rd year with PCAP. I Love You All!!! I am Proud of being Part of the UEM PCAP. I thank you all for your support in my life.
Best, Gary McGregor.
