

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Danny Moore

I started crocheting March of 2019, after talking to my Mum, and finding out she sells stuff at craft shows to supplement her income. I am retired for free, so I asked her to send me some of my pension money to buy supplies so I can make items for her to sell. As I call it, "I was hooked at first stitch"! I've since went on not only assisting my Mum, but; also I design and make toys for charities of Ms. Clark and teddy bears for the first responders through our Local American Legion post 722. I truly enjoy crocheting and designing new and unusual patterns.
