

Artist Statement: 26th Annual Exhibition of Art by Michigan Prisoners

Artist Name: Michael Ford

When I was a very young boy I would watch my father as he drew these amazing drawings, Paintings, Plaques Etc.. I was amazed at how he was able to do that and how realistic it was when finished. As I grew older my sister was doing the same thing across more and different platforms she too was amazing and at this point I decided that I wanted to do that. She and I would sit and draw things as practice. We would pick things around the house and draw them, "let's draw a lighter, let's draw a spoon", we would say, taking turns. I would love to have some type of professional training and see where it takes me. Thank you sister for the inspiration.

Thank you,

Michael Ford
