

Artist Statement — 30th Annual Exhibition of Artists in Michigan Prisons

Artist Name: NENE

I choose my Bead work to keep me busy, and I push myself and its Native American art work. I choose the colors till I get it right. and if it doesn't look right I do take it apart and start over, til I get it right. My tree of Beads. took 7-Months to get it right. Nothin is easy, everything was taken apart at least 3 or 4 times till I felt it was right. And I will get better at it.
