

Artist Statement: 27th Annual Exhibition of Artists in Michigan Prisons

Artist Name: Basta Bu / SH

most of my Art, comes to me after I meditate. when im most relaxed. and my mind is clear. Some Time it comes when im feeling down and out or when the Sun shine Brite. on an (good day.)

So when you see lots of colours it was clear sky's ("good day") and when i use dark colours, like black out back ground's im feeling a little down and sad or ("not a good day.")

It all emotional. Some good, some bad but all True feeling on the paper.

(I only just started drawing last year.)

Do to me suffering from a life time of depression.
