

Artist Name: Charles VanHeck

I was a duck hunter for many years. I hunted over hand craved duck decoys. 60 to 80 decoys at a time. Decoys that I carved my self. I was showed how to carve a decoy by HANK WALTERS who lived just a few doors down from ^{ME}. Also BILL ROSE and RICHARD WHATSON they carved more than hunting decoys. I've watched them carve. But I never get as good as them. Later on I carved hunting decoys to sell. I went two duck shows every year and sold what I had carved from the last year. I've carved over 7,200 decoys and I enjoyed carving every one.
