

Artist Name: W.M. Kent Gleason A.K.A. Savage

I am an Ojibwe native of the black swan creek band of Saginaw Chippewa Peoples.

I will be 63 years of age on 10-30-25

I have been in prison for 40 years & I enjoy all types of native crafts, especially creating dream catchers to help protect peoples dream space.

I created these pieces from branches collected from Crabapple trees on the prison yard and gifted feathers from the winged ones who give me their feathers to decorate my catchers.

I pray that all who ever possess any of my dream catchers receive the greatest of sleepscapes as the webbing will snare all bad dreams & allow the good dreams thru the center hole. When the morning sun comes up it will eat the bad dreams from the webbing & refresh it for the next night. Meqwetch
(THANK-YOU)

W.M. Kent Gleason #1858321

All catchers are made with love & hopes of spreading GOOD DREAMS ☺ Savage
