This will be my 5th time submitting to the PCAP Exhibition. I love the fact that UoFM has developed and continued to run this program every year; it is truly the one thing I have to look forward to in here. I count my time left on my sentence using the PCAP shows - 8 more shows and I am out the door!

Since the last exhibit, I have had a lot going on in my life, for being in prison that is. I moved from Level 4 in Saginaw Correctional Facility to Level 2 here at Chippewa Correctional Facility. This has put me further from my family and friends, but has allowed me more freedom of movement. I am also dealing with major life changes that have influenced the topics of my art pieces this year.

After almost 6 years of incarceration, my wife has filed for divorce. I cannot blame her and I want nothing but the best for her, but it sucks nonetheless. I love her and my kids with all my heart, but she has a life to live and I have nearly a decade to go in here.

I am also dealing with my degenerative eye disease that is progressively taking my vision. So, I am having to use my glasses to draw now, and I currently wear an eyepatch to alleviate some of the worst of the symptoms. On the bright side, won't I look real cool when I have to wear TWO eyepatches?!

Anyway, thank you all once again for coming to see our works. Your continued support means more than you can possibly know!
