Let Nature Have It's Way

A lot of females think they are cheating on me for their Pleasure these Artificial women, Contrived by Art rather than Nature, They resent me, I'm compromised and treated like a Guinea Pig. Since Popularity is a curse, I'll let nature have it way with them. I bet they get excited when their Artificial man mentions Guinea Pig. It's Almost like they Sold themselves, u know Jesus casted Demons into Guinea Pigs, Just because u know the definition to Guinea Pigs doesn't make u A Man, Jesus was the Second Adam he had A prostitute, the fruits of her labor were rotten. These females try to convert my Sexuality making me feel less of A Man. I Hate to think of them being raped, The Funny thing is I saved A females life before from a Seizure, they say "No good deed goes unpunished!" - P.S
Until All of us Are free, None of us Are Free -
Guinea Pig that.
